

Correcting CONUS COLA

Introduction This guide provides the procedures for Correcting CONUS COLA transactions in Direct Access. This includes changes to the effective date, type, reason or zip code. This does not apply to the status (active/inactive).

In Range vs. Out-of-Range If the correction is In Range (the entire affected period is within 24 pay periods or 1 year), follow the steps in this guide and all changes should be processed by the automated system.
If the correction is Out-of-Range (the entire affected period is older than 24 pay periods or 1 year), all changes will need to be reported to PPC Customer Care to be processed manually.

Timing **NOTE: THIS COMPLETE PROCESS MUST BE DONE WITHIN THE SAME PAY PERIOD TO PREVENT PAY PROBLEMS! PPC (MAS) RECOMMENDS COMPLETING THE ENTIRE PROCESS WITHIN 10 MINUTES. FAILURE TO COMPLETE CORRECTIVE ACTIONS IN PROPER SEQUENCE AND TIMING MAY RESULT IN OVERPAYMENTS/UNDERPAYMENTS.**

First delete the CONUS COLA row(s) from newest to oldest:

1. Delete the NEWEST incorrect CONUS COLA row.
2. Approve the deletion.
3. Repeat steps 1 and 2 until the entire affected period is deleted.

Then add CONUS COLA row(s), from oldest to newest.

1. Add the oldest CONUS COLA row with the correct information.
 2. Approve the addition.
 3. Repeat steps 1 & 2 until the entire period is added.
